TURKISH BLEND  
CIGARETTES

Both! Takes the two to make a cruise! A wonder blend of choice tobaccos—ask the commodore. The package is plain but inside are ten more smokes. 20 for your 15 cents.

With each package of Fatima you get a coupon, 25 of which make a handsome felt collar pen, and 12 a set of stationery.

years, the Health Department plans to keep an epidemiologist in the field to investigate special outbreaks of typhoid fever.

Dr. Allen W. Freeman, Assistant Commissioner of Health, will be assigned to this duty, with assistants to follow up each epidemic of typhoid. In addition, the study of typhoid will be continued in those communities where the disease reappears from year to year. Investigation was made in some of these localities last summer, and this work will be followed this year.

A special effort will likewise be made by the health authorities, with the co-operation of the press, to complete a vigorous campaign of education which will inform as many citizens as possible of the methods by which typhoid fever can be prevented. Literature will be spread broadcast and special bulletins will be issued from time to time.

Health Commissioner Williams, discussing the subject yesterday, expressed the opinion that much of the success of this year's campaign against typhoid would depend on the promptness with which outbreaks of the disease are reported. "Many epidemics of typhoid become settled," Dr. Williams said, "by neglect of the first cases and by failure to take precautions during the early stages of the outbreak. As a result, it often happens that later investigation cannot forestall disastrous results. While the health forces of the State cannot, of course, investigate every case reported, local health officers and public officials should see to it that every case is cared for and that every outbreak be reported without delay."

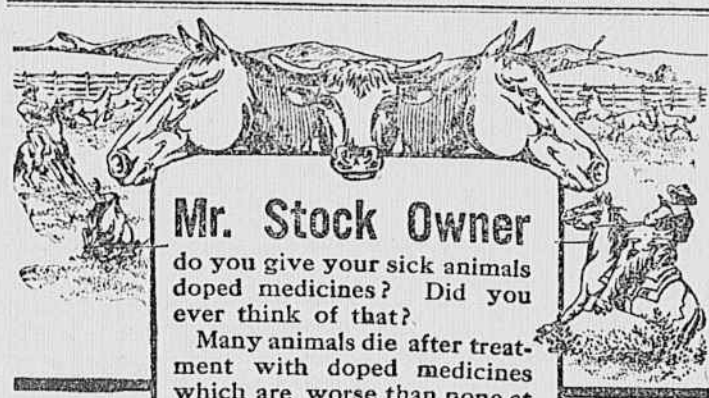

**Tinder—Aldridge.**  
Weldon, N. C., March 21.—Edgar T. Aldridge, of Richmond, and Miss Mattie Lee Aldridge, of Roanoke, Va., were married here today by Magistrate D. E. Steinbaker. They returned to Richmond on the afternoon train.

## WILL PRESS WAR ON RURAL TYPHOID

Health Department Completing Plans for Campaign on Virginia's Summer Plague.

To reduce the ravages of typhoid fever, which is characterized as Virginia's summer plague, the State Health Department is outlining plans for a vigorous campaign against the disease during the spring and summer months.

Investigation has shown that a very large part of the typhoid annually recurring in Virginia is due to the lack of care in the disposal of sewage, to contaminated water, to flies and to the failure to recognize mild cases of the disease. The plans of the health authorities will be shaped to meet these conditions and the campaign to be undertaken against typhoid will be largely aimed to improve conditions that render the spread of typhoid so rapid and disastrous. In accordance with the organization of previous

## Mr. Stock Owner

do you give your sick animals doped medicines? Did you ever think of that?

Many animals die after treatment with doped medicines which are worse than none at all.

An animal with a weak heart or run-down condition cannot stand being drugged. When the reaction sets in they usually die.

You should take as much care in doctoring your stock as you would your family.

## Noah's Horse Remedies

are medicines—not dopes. Be on the safe side by giving your animals these tested remedies.

Noah's Colic Remedy is recommended for that most dangerous disease, Colic, and is harmless in its effect. Simple to administer—given on the tongue. Cheap in price—50c a bottle, and worth 50c to any stock owner.

Noah's Fever Remedy is a medicine for fever, coughs, colds, distemper, influenza, lung troubles, and the treatment of milk fever in cows. Given on the tongue. Two sizes, 25c and 50c.

Noah's Liniment is the best all-round family and stable remedy on the market. Contains no alcohol, chloroform, ammonia, naphtha, benzine, or poisonous drugs. 25c, 50c, and \$1.00 a bottle. Gallon cans at \$5.00.

These remedies are sold by all dealers in medicine. Made in Richmond by the Noah Remedy Co.

"I have been using Noah's Liniment and Noah's Colic Remedy on our stock with the best results, and find them to be the best remedies of the kind I have ever used and recommend them to stock owners.—D. J. Griffith, Sup't. S. C. Penitentiary, Columbia, S. C."

"My stable boys say the Noah Remedies are the best I have ever used, especially the Liniment for the cure of sore shins. We have had so much trouble. He also cures our colic remedy as being easy and a sure cure.—T. J. Davis, Sup't. State Farm, Leesville, Va."

## Petition for Election on \$1,000,000 Bond Issue for Goods Roads

[Special to The Times-Dispatch.]  
Staunton, Va., March 21.—The Board of Supervisors of Augusta county, on a petition of 300 of the leading taxpayers, unanimously decided to petition the Circuit Court to order an election on a bond issue of \$1,000,000 for good roads. It is expected the election will be held about April 30. The county has been for a number of years engaged in macadamizing roads with convict labor.

## LAMPS AND CANDLES USED TO LIGHT CHURCH

Methodist Conference of Warrenton District in Session at Weldon.

[Special to The Times-Dispatch.]  
Weldon, N. C., March 21.—The Methodist Conference of the Warrenton District is in session here in the new Methodist Church.

Referring to the great damage to the power-house the electric light plant is still out of commission, and the town is in total darkness, except for the feeble kerosene lamps and candles now being used to light the church.

Rev. S. N. Hunter, of the Virginia Conference, was introduced to the conference last night. He spoke in the interest of the Methodist Publishing House, a branch of which has now been established in Richmond.

Rev. W. B. North, of Westhampton, preached a sermon last night to a large congregation.

Field Secretary Bradham conducted an interesting round-table discussion on the Sunday school work. Rev. J. D. Bunday, of Elizabeth City, made a report on his work for the year.

President of the Conference R. F. Bumpass, read a letter this morning from Bishop John C. Kilgo, expressing regret at being unable to reach here for the conference, and no man is better equipped for this responsible position.

## POTASH SUPPLY FOUND

Deposit Enough to Supply United States for Thirty Years.

Washington, March 21.—Enough potash to supply the United States probably for three hundred years has been discovered by government scientists in Seaford Lake, San Francisco county, California. The estimate of the Geological Survey and the Bureau of Soils field men was a deposit which may amount to 4,000,000 tons, but the authorities are waiting for data in their possession consider that estimate too conservative and believe it available there.

The great value of the find is that the product is in reality in available commercial form. Potash is known to exist in many places in the United States, but in most cases no commercial means has been found to use it.

Hoyle S. Gair, representing the Geological Survey, and E. E. Egan, of the Bureau of Soils, recently took samples from six wells distributed over the lake, and the analysis of which has revealed the value thereof.

The dried-up lake has received the drainage from the surrounding area for thousands of years, vast quantities of dissolved minerals thus having concentrated in it.

Similar dried-up lakes containing valuable deposits, it is believed by officials here, will be discovered. At present the United States and other nations are almost entirely dependent upon Germany for potash. Disagreement between the German "potash trust" and American buyers has become the subject of diplomatic exchanges which occupied several years and at one time threatened serious complications.

## NEGRO IS LYNCHED

Strung Up to Pole After He Had Killed

Cochran, Ga., March 21.—Homer Bush, a negro convict, was lynched this afternoon after he had killed Guard Joseph Oodry, aged forty, and attempted to shoot down two other guards. A convict camp a mile outside of this place, Bush and sixty other men in the camp, it is said, had plotted to make a get-away this afternoon. Bush killed Oodry with a shovel, and seizing the revolver from the proscribed form of the dead guard, he opened fire on the other two guards. Neither of the two was injured, but both returned the fire. Bush, his ammunition exhausted, fell to the ground with a bullet through his body. None of the other convicts attempted to escape. Authorities at Cochran were notified, and aid was dispatched to the camp to prevent an outbreak.

The news of the killing spread quickly. Bush, guarded by deputy sheriffs, was being taken to Hawkinsville, ten miles from this place, to be locked up, when a mob of fifty men covered the road with guns and took the prisoner. The negro was quickly strung up to a telephone pole and his body rid of bullets.

Bush was considered a bad negro and was serving a term for horse stealing. Excitement after the killing was intense, but further trouble is not expected.

## MAINE TO HEAR ROOSEVELT

Colonel Decides to Make a Direct Appeal to Voters.

New York, March 21.—Colonel Roosevelt decided today to make an appeal direct to the voters of Maine, and accepted an invitation to speak in Portland Saturday night. He will leave New York Saturday morning and, remaining in Portland only a few hours, will begin the return journey at 1 A. M. Sunday. The speech will be delivered at a mass-meeting arranged by the Roosevelt State committee.

Colonel Roosevelt said today that he had also accepted an invitation from the Million Club of St. Louis to attend a luncheon next Thursday.

## REPLY FROM TAFT IS NOT EXPECTED

President Believes Colonel Will Hang Himself With Own Rope.

## GETS CHEERFUL NEWS

White House Hears That Cause of Oyster Bay Is Far From Prosperous.

Washington, March 21.—There was not the slightest indication at the White House today that President Taft will answer either of the two attacks upon him made by ex-President Roosevelt. The President will follow the policy he has pursued of leaving personalities out of the campaign and insisting that his friends do so. If he finally concludes to make answer it will most likely be without mention of the names of the ex-President, and would be a refutation of Mr. Roosevelt's political argument.

The feeling of the President's friends who called at the White House today was that no answer is necessary and that Colonel Roosevelt cannot be stopped in his evident intention of arraying one man against the other. Without a real issue, without material for an attack upon the acts or policies of Mr. Taft, Colonel Roosevelt, it is asserted, turns to the only thing that promises the smallest hope of fulfilling his ambition—his appeal to the discontented, the depressed and the prejudiced. It is the firm belief of the President's friends that in doing this, in seeking to array one class against another, Colonel Roosevelt is arraying himself. Irrevocably clinching his ambition, he is drawing closer to his goal, thousands of thinking men, who have been inclined to be friendly to him and to sympathize with some of his views. In arousing the awful bitterness that goes with class hatred Colonel Roosevelt, it is contended, simply draws closer to himself an element of the people which has long been for him anyway and alienates a support that might have been valuable to him and that has not been so cordial in its attitude of President Taft and his policies.

The candid feeling around the White House today was that Colonel Roosevelt is using precisely the best campaign material to make sure the nomination of President Taft, but he is also arousing passions that will make the bringing together of the Republican party for the November elections. Democrats view it all with dread and renewed hope.

**Hopes to Restore Harmony.**  
The President, however, hopes that by pursuing a dispassionate course by refraining from adding fuel to the fire that is starting, he will be able, between June and November, to reunite the discordant elements of his party. He feels that he can overlook unfair and unjust treatment of his friends, and that he can win the support of the President as to his attitude on popular government, sure that the intelligence

## Has 100 Uses in Hygiene

TYREE'S ANTISEPTIC POWDER

TYREE'S ANTISEPTIC POWDER can be used for so many things as a disinfectant that it should be kept on hand constantly. It is used for the treatment of all sorts of sores, cuts, burns, and other injuries. It is also used for the treatment of all sorts of diseases, including typhoid fever, cholera, and dysentery. ## News of South Richmond

South Richmond Bureau, The Times-Dispatch, 1003 Hull Street, Phone Madison 1.

Stealing to help a church is the latest dodge reported to the Southside police. The perpetrators of this unique crime, Willie Goode and Russell Hobson, colored boys, ten and eleven years old. They were yesterday placed under arrest, charged in a warrant with stealing twenty pounds of candy, the property of F. Neuhart, a candy manufacturer, located at 613 Hull Street. Several other boys, it is said, are implicated in the theft.

Because of the extreme youth of the alleged thieves they were not locked in a cell, but were permitted the liberty of the corridor in the Third Police Station. They do not deny taking the candy, but stoutly affirm that the candy was used for strictly religious purposes. They also give a hearing this morning in Police Court, Part 2, Anniversary Spelled by Illness.

Ill health yesterday kept Deputy Treasurer J. W. Brunaugh, Jr., from his office on the last day of his thirty-eighth year of public service as treasurer of Manchester and deputy treasurer of Richmond. His illness is not serious, and he is expected at his office either today or tomorrow.

Acting under instructions of the court the jury hearing the evidence in the suit of Thomas & Cross against Harvey C. Brown, on trial in the Hustings Court, Part 2, yesterday, returned a verdict in favor of the plaintiffs for the full amount sought, \$466.44. The plaintiffs alleged that as contractors they had erected a building and sent in a bill calling for \$466.44. Because of alleged bad workmanship the defendant refused to pay this, tendering a check for \$500 in full payment. This amount the plaintiffs refused, as they claimed, under duress, and suit was brought for the balance.

The attorneys for the defense entered a demurrer to the evidence and asked that the verdict be set aside. The judge refused to examine a late decision of the Supreme Court of Appeals, Judge Wells took the matter under advisement, and will render a decision later.

**Opening of Branch To-Day.**  
The formal opening of the Southside branch of the Young Men's Christian Association will take place today. Owing to the fact that there will not be space to entertain all who desire to be present at the opening the admission will be by ticket only. An interesting program has been arranged for the occasion, which is a joyous one for the boys who have, since December 1, been impatiently awaiting the opening of the branch.

**The White Sox, an aggregation of young ball tossers, who will represent the Southside in class B league this season, will play a practice game to-morrow evening on the "Hill" at the foot of Thirteenth Street.**

Although only admitted to the league two weeks ago, a fine bunch of youngsters have signed up for a trial and are practicing daily. From the prospects they will have a brilliant season on the diamond.

**Unique Party.**  
The Unique Society of the West End Methodist Episcopal Church, Swansboro, will give a "lucky" party at Carley's Hall on Wednesday night, March 27. It is a new society in the church, and it will endeavor to give an entertainment which will make the other older societies sit up and take notice.

**Personal Mention.**  
Mrs. Ida Lloyd is visiting her sister, Mrs. J. J. Lloyd, in Norfolk.

Mrs. J. W. Vail is ill at her home on Decatur Street.

Mrs. Edwin Fenner, of Henderson, N. C., is visiting her mother, Mrs. Susie Sampson, on Porter Street.

Mrs. W. M. Bridgeford and son, of Emporia, are the guests of Mrs. R. M. Robertson.

Mrs. and Mr. William Harecourt, of New York, are visiting Miss Janie Davidson, of Forest Hill.

Miss Mary Vaden is ill at her home on Cedar Street.

Miss Lucy Owen, who has been ill, is now able to be out.

**Condition Still Serious.**  
[Special to The Times-Dispatch.]  
Pamplin, Va., March 21.—Rev. P. T. Warren, who was stricken with an attack of paralysis of the throat on last Thursday night, is still seriously ill, although he seems to be improving. His daughter, Miss Hannah D. Warren, of Richmond, is with him.

**Radford Home Destroyed.**  
[Special to The Times-Dispatch.]  
Lynchburg, Va., March 21.—The first colonial residence belonging to A. L. C. Radford, fourteen miles west of Lynchburg, in Bedford county, was destroyed by fire this afternoon. The blaze started from a burning chimney. Mrs. Radford and children were alone at home at the time of the fire. The residence had been owned by the Radfords for a century. The loss is probably \$10,000 and insurance about \$3,000.

## Melville Clark's APOLLO PLAYER PIANO
